AUTOMOTIVE

EQM SOLUCIONES QUÍMICAS

Extra Strong Degreaser

Concentrated high-performance cleaner. Its wetting power provides excellent cleaning capability, removing grease stains, mud, mold, oils, waxes, and adhesives, even when heavily embedded.
Especially recommended for workshop and **industrial facility floors.**

Format 5-20 L

Liquid

REFERENCE
ECO-108

Manual Wash Bodywork Shampoo

High-foaming detergent for manual washing of vehicle bodywork. Especially recommended for cleaning the bodywork of all types of vehicles, including cars, vans, coaches, trucks, and trailers. **Formulated with a neutral character,** it is designed not to damage paintwork or body components (rubber, plastics, chrome, or metal parts).
It offers high cleaning power and is compatible with all types of water. Thanks to the inclusion of sequestering agents in its formula, it prevents salt deposits during washing, even with hard water, thus avoiding the formation of white stains on vehicle surfaces.

Format 1-5-20 L

Liquid

REFERENCE
ECO-105

Car Body Shampoo for Tough Dirt

Powerful detergent for cleaning heavily soiled vehicle bodywork. Specially formulated for **cleaning trucks, trailers, tractors, agricultural machinery, and other vehicles exposed to extreme conditions.** It has high detergent and cleaning power. The synergy of its components provides excellent wetting ability, allowing it to penetrate dirt and insect residues, while emulsifying grease to easily remove all types of grime. Its formula includes salt-sequestering agents, ensuring effectiveness even when used with hard water.

Format 5-20 L

Liquid

REFERENCE
ECO-106

AUTOMOTIVE

EQM SOLUCIONES QUÍMICAS

Car Shampoo for Car Wash Tunnels and Pressure Machines

Product specially formulated for cleaning vehicle bodywork without damaging paint or sensitive components.
Developed to protect paintwork, rubber, plastics, and other exterior elements. It offers strong detergent and emulsifying power, effectively removing all types of dirt such as dust, mud, grease, oils, and fuel residues. **Thanks to the incorporation of sequestering agents, it prevents the formation of water** hardness stains during rinsing and drying. It delivers high performance and fast cleaning action. Its controlled foaming facilitates rinsing and reduces water consumption, making it ideal for cleaning all types of vehicles (cars, vans, coaches, trucks, trailers, etc.) in both manual washing and pressure

Format 5-20 L

Liquid

REFERENCE
ECO-104

Perfumed Windshield Washer Fluid

Specially formulated windshield cleaner for perfect visibility. Designed to remove all types of grease, mud, insects, and other residues that impair visibility. This windshield washer fluid is intended for filling the vehicle's washer reservoir. Its formula, based on water, alcohols, and surfactants, easily dissolves grease, oils, and organic residues of all kinds, ensuring optimal visibility. It can be used on windshields, windows, mirrors, headlights, and enameled surfaces. It does not dry out wiper rubber, stain, or damage paint.
Offers fast drying, produces no foam, and has high resistance to freezing.

Format 5-20 L

Liquid

REFERENCE
ECO-102

Insect Remover

Special product for removing insects from vehicle surfaces. Specifically formulated to eliminate embedded insects from front ends, windshields, bumpers, side mirrors, and other areas.
Quickly dissolves even dried insects without the need for scrubbing, acting effectively on plastic, metal, and glass surfaces. Instantly restores the transparency and original shine of the treated surfaces.

Format 0,75-5-20 L

Liquid

REFERENCE
ECO-103

AUTOMOTIVE

EQM SOLUCIONES QUÍMICAS

Car Glass Cleaner

Glass cleaner formulated to effectively remove embedded dirt, insect residues, grease, and dust, leaving surfaces spotless in no time. **Ensures streak-free cleaning, providing optimal visibility and a shiny finish.**
Its long-lasting action prevents dirt buildup, keeping glass surfaces cleaner for longer. Suitable for cleaning windshields, windows, and mirrors, both inside and outside the vehicle.

Format 0,5 L

Liquid

REFERENCE
ECO-107

Neutral Wheel Cleaner

Effectively removes brake dust, tar, salt, and mud residues. Degreases and cleans all types of wheels and hubcaps, iron, aluminum, chrome, plastic, etc. While providing protection against re-soiling.
Restores the original shine of the wheels and prevents discoloration caused by iron deposits from brake pads.
Acid-free formula, safe for use on all types of rims and wheel covers.

Format 0,75-5-20 L

Liquid

REFERENCE
ECO-101

Tyre Polish

Product formulated for cleaning and shining wheels and rubber surfaces. Forms a thin, transparent protective layer that enhances and shields rubber against weathering and drying. Provides long-lasting, high gloss to tires.
Its formula hydrates, nourishes, restores, and polishes, improving both the appearance and lifespan of rubber.

Format 0,75-5-20 L

Liquid

ECO-110

AUTOMOTIVE

EQM SOLUCIONES QUIMICAS

Car Upholstery and Floor Mat Cleaner

Product designed for professional cleaning of upholstery, floor mats, and car interior ceilings. Provides strong detergent action on everyday dirt, **quickly and effectively removing grease, oil stains, and organic residues**. Leaves a pleasant fragrance on fabrics and eliminates bad odors, enhancing the interior atmosphere of the vehicle.

Format 0,5-5-20 L

Liquid

REFERENCE

ECO-113

Deionized Water

Extremely low-conductivity water, treated through mixed-bed ion exchange resins. Completely removes cations such as sodium (Na), calcium (Ca), iron (Fe), copper (Cu), and anions such as carbonate, fluoride, chloride, among others. It has multiple applications and is ideal for use in coffee machines, kettles, steam irons, sterilizers, vaporizers, inhalers, humidifiers, automotive systems, and glass cleaning.

Format 5-25 L

Liquid

REFERENCE

ECO-112

Windshield De-Icer

Effectively and quickly removes ice and frost from the windshield without damaging paint, plastics, rubber, or other components. **Offers a preventive effect:** spray the product before the temperature drops to reduce ice or frost formation.
Acts instantly and is suitable for use on windshields, mirrors, locks, rubber, plastics, and painted surfaces.

Format 0,75 L

Liquid

EQM SOLUCIONES QUÍMICAS

Concentrated Degreaser

Highly concentrated degreaser formulated with non-ionic and cationic surfactants, alcohols, and alkaline agents that dissolve grease, mold, oils, waxes, adhesives, and more, facilitating cleaning and reducing effort on hard surfaces. Ideal for use in kitchens, ovens, grills, extractor hoods, tiles, refrigerators, bathrooms, wooden surfaces, machinery equipment, engines, filters, and industrial floors, among other applications.

Format 5-20 L

Liquid

REFERENCE
ECO-109

Extra Strong Degreaser

Concentrated high-performance cleaner. Its wetting power provides excellent cleaning capability, removing grease stains, mud, mold, oils, waxes, and adhesives, even when heavily embedded.
Especially recommended for workshop and **industrial facility floors.**

Format 5-20 L

Liquid

REFERENCE
ECO-108

Bathroom Limescale Remover and Descaler

Professional cleaner for removing limescale, rust, mineral deposits, and dirt from joints. Easily applied to **showers, toilets, sinks, washbasins, shower screens, faucets, and other bathroom surfaces.**
Effectively eliminates **yellow stains and rust** in toilets and affected areas, and is ideal for cleaning all types of tile joints. Also **removes accumulated limescale** from water outlets such as taps and showerheads.

Format 5-20 L

Liquid

REFERENCE
ECO-205

CLEANING

EQM SOLUCIONES QUÍMICAS

Eco Bathroom Limescale Remover

Ideal product for cleaning all types of sanitary ware, tiles, faucets, and shower screens. This highly effective cleaner easily removes limescale deposits, soap scum, and other stains. It descales and restores shine to treated surfaces. **Formulated with citric acid, a natural cleaning agent with low pH** and antibacterial properties.
Contains environmentally friendly raw materials.
Pleasant lemon fragrance.

Format 5 L

Liquid

REFERENCE
ECO-207

Grout Cleaner

Specialized cleaner for **removing limescale, mineral deposits, and embedded dirt from tile joints**. Suitable for both domestic and professional use, it provides deep cleaning without damaging surfaces.
Removes yellow stains and rust, leaving surfaces clean and shiny.
Its concentrated formula thoroughly cleans joints, restoring their original appearance and helping maintain hygiene and the good condition of spaces.

Format 0,75 L

Liquid

REFERENCE
ECO-200

Ammonia Cleaner

Perfumed multipurpose cleaner with strong degreasing power and an ammonia-based formula. Can be used either directly or diluted, depending on the type of cleaning required. Its formula combines **surfactants and ammonia** in a balanced ratio, providing excellent cleaning performance.
Acts as both a degreaser and deodorizer, leaving a pleasant pine scent on all treated surfaces. **Suitable for daily cleaning of all types of hard surfaces:** floors, tiles, stoneware, porcelain, sanitary ware, faucets, bathrooms, kitchens, furniture, and more.

Format 1-5 L

Liquid

REFERENCE
ECO-215

CLEANING

EQM SOLUCIONES QUÍMICAS

Perfumed Multipurpose Cleaner

Multipurpose cleaner for all types of surfaces. Cleans and sanitizes simultaneously, effectively removing grease without damaging surfaces. No rinsing required. **Its formula is free from alcohol, ammonia, and bleach, making it safe for use on any hard surface, including those sensitive to harsh chemicals.**
Suitable for all types of floors and surfaces. It does not release vapors, stain clothing, or cause damage. Contains **quaternary ammonium** compounds as the active ingredient, providing sanitizing action and deeper cleaning.

Format 5-20 L

Liquid

REFERENCE
ECO-203

Soapy Wood Cleaner

Product designed for cleaning wooden surfaces such as **laminate flooring, parquet, furniture, and doors.**
Respects the natural shine of wood, protects treated surfaces, and **hydrates both floors and furniture.**
Provides a pleasant and gentle lemon fragrance.
Leaves no stains or residues, ensuring effective and safe cleaning for wood surfaces.

Format 1-5-20 L

Liquid

REFERENCE
ECO-208

Marble, Stone and Granite Floor Cleaner

Product specially formulated for cleaning, preserving, and maintaining **marble, granite, and terrazzo floors.**
Quickly and easily removes embedded dirt from calcareous stone surfaces, leaving a pleasant clean scent.
Hydrates and enhances stain protection by forming a protective film. **Revives the natural color and shine of the stone,** restoring its original appearance.
